

## **SCHOOL COMMUNITY RELATIONS**

### **Naming of Facilities**

The District encourages the participation of its staff and citizens in school events and activities. To that end, it is recognized that the contribution of an individual may be so significant in some part of the District program that it would be deemed appropriate to pay tribute to those efforts.

If the Board of Education determines that a facility is to be named, the President of the Board, or designee, shall establish a committee of staff and community members to solicit written suggestions, including rationale, from students, staff, and citizens of the District. The committee will study the impact on the school, district, and community, and make a recommendation to the Board. The Board has the right to reject any suggestions.

The criteria that will be considered when a request is made to name a district facility are:

1. To reflect the location of the building or facility.
2. To acknowledge a local, state, or national figure, or any living or deceased person who has made outstanding contributions to the school district and the community through service, exemplary leadership, philanthropic contributions, or other significant means.

LEGAL REF.: Illinois School Code, Sec 10-25 5b and 24-24 (105 ILCS 5/10-20.5b, 5/24-24)
