  - Next year's school calendar will be voted on and released to everyone on Tuesday, April 16<sup>th</sup>. Mr. Cappel highlighted some dates with those present.
  
  - Year-end review-
    - A big accomplishment this year was moving our Administrative Center.
    - Tennis Courts at AHS will be getting a stone restroom with storage. It will have an ice machine for Andy the trainer and ABOB to use.
    - The red storage shed is going to AMS.
    - EBF- Evidence Based Funding is coming in steadily.
    - It is our anticipation that we will be short one categorical payment from the State this year. Our goal is to eventually start paying back the O&M fund that we have been borrowing from.
    - Negotiations have started but we are still waiting to hear about the 6% percent retirement incentive.
    - We have been working on a salary plan for the minimum wage increase.

    - We need to work on bolstering our trade's classes at AHS.
    - AMS students who are in orchestra missed rehearsal all week due to testing and had a big competition on Sat. Possibly the schedule could be reviewed better to encompass more activities that need planned around.
