INDEPENDENT AUDITOR'S REPORT ON MODIFIED CASH BASIS SCHOOL DISTRICT FINANCIAL STATEMENTS PRESENTED IN THE ILLINOIS STATE BOARD OF EDUCATION'S STANDARDIZED PREPRINTED ANNUAL FINANCIAL REPORT FORMS

Board of Education Alton Community Unit School District No. 11 Alton, Illinois 62002

We have audited the financial statements of the governmental activities and each major fund of the Alton Community Unit School District No. 11 as of and for the year ended June 30, 2012, which collectively comprise the District's basis financial statements. The basic financial statements have been audited; however, they are not presented as part of this Annual Financial Report form. The basic financial statements should be read in conjunction with the following auditors' opinion. Our opinion read as follows:

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1, the District prepares its financial statements on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position – modified cash basis of the governmental activities and each major fund of Alton Community Unit School District No. 11 as of June 30, 2012 and the respective changes in financial position – modified cash basis, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued a report dated October 4, 2012, on our consideration of Alton Community Unit School District No. 11's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5 through 9 and 41 through 46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with managements' responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Alton Community Unit School District No. 11's basic financial statements. The Supplementary Data as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and is also not a required part of the basic financial statements of Alton Community Unit School District No. 11. The Supplementary Data and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

As described more fully in Note 1, these regulatory-based financial statements are issued to comply with regulatory provisions prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than, and differs from, accounting principles generally accepted in the United States of America. They are intended to assure effective legislative and public oversight of school district financing and spending activities of accountable Illinois public school districts. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying regulatory-based financial statements, as listed in the table of contents of this Annual Financial Report form, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Alton Community Unit School District No. 11. Such information, except for the financial profile information, estimated financial profile summary, supplementary schedules, statistical section, estimated indirect cost rate for federal programs, administrative cost worksheet and itemization schedules, which were not audited, has been subjected to the auditing procedures applied in our audit of the basic financial statements, and in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of Education, management of the Alton Community Unit School District No. 11, and the Illinois State Board of Education and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education Alton Community Unit School District No. 11 Alton, Illinois

We have audited the accompanying financial statements of the governmental activities and each major fund of the Alton Community Unit School District No. 11 (the District) as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1, the District prepares its financial statements on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position – modified cash basis of the governmental activities and each major fund of Alton Community Unit School District No. 11 as of June 30, 2012 and the respective changes in financial position – modified cash basis, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued a report dated October 4, 2012, on our consideration of Alton Community Unit School District No. 11's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF MODIFIED CASH BASIS FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Alton Community Unit School District No. 11 Alton, Illinois

We have audited the financial statements of the governmental activities and each major fund of Alton Community Unit School District No. 11 as of and for the year ended June 30, 2012, which collectively comprise Alton Community Unit School District No. 11's basic financial statements, and have issued our report thereon dated October 4, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Alton Community Unit School District No. 11 is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Alton Community Unit School District No. 11's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Alton Community Unit School District No. 11's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Alton Community Unit School District No. 11's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

□RR 3, Box 129BA * US Hwy 267 N * Carrollton, IL 62016 * o 217.942.3821 * f 217.942.6614

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies in internal control over financial reporting as Finding Number 2012-1. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Alton Community Unit School District No. 11's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

In accordance with SAS No. 114 The Auditor's Communication With Those Charged With Governance we have issued a separate letter dated October 4, 2012 to the Board of Education addressing those required communications.

Alton Community Unit School District No. 11's response to the findings identified in our audit is described in the accompanying schedules of findings and questioned costs. We did not audit Alton Community Unit School District No. 11's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Education, management, others within the organization, and the Illinois State Board of Education, and federal awarding agencies, and is not intended to be and should not be used by anyone other than these specified parties.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Alton Community Unit School District No. 11 (the District), conform to the modified cash basis of accounting principles as applicable to governments. The following is a summary of the more significant policies:

A. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The District's funds are grouped into one broad fund category and several generic fund types for financial statement presentation purposes. Governmental funds include the General, Municipal Retirement/Social Security, Transportation, Capital Projects, Fire Prevention and Safety, and Debt Service. The District has one fiduciary agency fund.

B. Basis of Accounting

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of net assets and the statement of activities display information about the District, the primary government, as a whole.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus. The government-wide statements are prepared using the economic resources measurement focus and the modified cash basis of accounting. The modified cash basis differs from generally accepted accounting principles because the District has not recognized balances, and the related effects on changes in net assets, of accounts receivable from certain federal, state, and local funding sources and of accounts payable to vendors.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the District and for each governmental program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients for the goods or services offered by the programs and grants and contributions that are restricted to meeting operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the District.

Net assets are the difference between assets and liabilities. Net assets invested in capital assets, net of related debt are capital assets, less accumulated depreciation and any outstanding debt related to the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are legal limitations imposed on their use by District legislation or external restrictions by other governments, creditors or grantors.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting (Continued)

FUND FINANCIAL STATEMENTS

Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. All funds are reported as major funds and are presented in separate columns. The General Fund consists of the Education, Operation and Maintenance, Working Cash, and Tort Funds.

Transportation Fund and the Municipal Retirement/Social Security Fund – These funds are used to account for cash received from specific sources (other than those accounted for in the Debt Service Fund or Fiduciary Funds) that is legally restricted to expenditures for specified purposes.

Debt Service Fund – This fund is used to account for the accumulation of resources for, and payment of, general long-term debt principal, interest, and related costs.

Capital Projects Fund and the Fire Prevention and Safety Fund – These funds are used to account for the proceeds of debt and related construction costs of a specific capital project or the financial resources to be used for the repairs of facilities that are found to be required in a life safety survey.

GOVERNMENTAL FUNDS

Governmental fund financial statements are prepared using the modified cash basis method of accounting as described in the "Illinois Program Accounting Manual for Local Education Agencies". Governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The modified cash basis differs from generally accepted accounting principles because the District has not recognized balances, and the related effects on changes in net assets, of accounts receivable from certain federal, state, and local funding sources, accounts payable to vendors and other accrued and deferred items. Additionally, allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds as capital outlay expenditures and debt issuance costs are fully expensed as incurred. Only assets representing a right to receive cash arising from a previous payment of cash are recorded as assets of a fund. In the same manner, only liabilities resulting from previous cash transactions are recorded as liabilities of a particular fund.

FIDUCIARY FUNDS

The District currently has one agency fiduciary fund. Agency funds are unlike all other types of funds, reporting only assets and liabilities. Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

Activity Funds are custodial in nature, do not involve measurement of results of operations, and are treated as Agency Funds. The amounts due to the activity fund organizations are equal to assets.

NOTE 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

C. Principles Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from the District, should be included within its financial reporting entity. The criteria include, but is not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters), scope of public service and special financing relationships. There are no component units within the District.

In addition, the District is not aware of any entity which would exercise such oversight as to result in the District being considered a component unit of the entity.

D. Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as disbursements in the governmental funds and are capitalized in the government-wide statements. The District's capitalization threshold for capital assets other than computers is \$5,000. All computers are capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 20 to 50 years; improvements/infrastructure, 5 to 50 years; equipment, 2 to 15 years.

E. Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- 1. Prior to May 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. This budget is prepared on the cash basis of accounting. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted at a public meeting to obtain taxpayer comments.
- 3. The budget is legally enacted through passage of a resolution.
- 4. The Superintendent is authorized to transfer up to 10% of the total budget between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education. The Board may amend the budget by the same procedure used in the initial adoption.
- 5. Budgeted amounts are as originally adopted on September 20, 2011, and as amended by the Board of Education on June 19, 2012.

NOTE 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (CONTINUED)

F. Invested Cash

Invested Cash is stated at cost or amortized cost, which approximates market.

G. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

NOTE 2. FUND BALANCE REPORTING

According to Government Accounting Standards Statement No. 54, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories or prepaid amounts. Due to the cash basis nature of the district all such items are expensed at the time of purchase, so there is nothing to report for this classification.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or law and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. Additionally, the District has several revenue sources received within different funds that fall into these restricted categories:

1. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

2. <u>Leasing Levy</u>

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Debt Service Fund. At June 30, 2012, revenue received from this restricted tax levy exceeded the expenditures disbursed for those specific purposes in the Debt Service Fund, resulting in a restricted fund balance of \$323,754.

NOTE 2. FUND BALANCE REPORTING (CONTINUED)

B. Restricted Fund Balance (Continued)

3. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational Fund. At June 30, 2012, revenue received from federal grants exceeded the expenditures disbursed for those specific purposes in the Educational Fund, resulting in a restricted fund balance of \$7,168. Also, the Child Nutrition Cluster Program requires the District to restrict any food service profit to be used only to operate and improve its food service resulting in a restricted fund balance of \$102,006. The total amount restricted related to federal grants is \$109,174.

4. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational and Transportation Funds. At June 30, 2012, revenue received exceeded expenditures disbursed from state, resulting in a restricted fund balance of \$15,846.

5. Social Security

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$555,019.

6. Tort

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the General Fund. At June 30, 2012, revenue received from this restricted tax levy exceeded the expenditures disbursed for those specific purposes in the General Fund, resulting in a restricted fund balance of \$127,944.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

During the year, the District received new lease proceeds of \$930,221. Of this balance, \$294,998 has not been spent at June 30, 2012 but has been committed by board action to purchase a wireless network and security cameras. This balance is included as committed fund balance in the Education Fund for these purposes.

Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2012, the total amount of unpaid contracts for services performed during the fiscal year ended June 30, 2012 amounted to \$4,628,787 in the Educational Fund.

NOTE 2. FUND BALANCE REPORTING (CONTINUED)

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by the District's Board itself or by the Superintendent or the Director of Finance when the School Board has delegated the authority to assign amounts to be used for specific purposes.

The Working Cash Fund's fund balance of \$9,761,749 as of June 30, 2012 which is accounted for in the General Fund has been assigned to be held to meet demands of expenditures for corporate purposes when there is a deficit in other funds. Also assigned in the General Fund is the interest amount in the Tort fund of \$2,209.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund showed unassigned fund balances of \$(6,771,397) as of June 30, 2012. Negative fund balances in funds other than the General Fund are also shown as unassigned. The Transportation Fund has a negative unassigned fund balance of \$(929,320).

F. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

NOTE 3. PROPERTY TAXES

The District's property taxes are levied each year on all taxable real property located in the District on or before the last Tuesday in December. The 2011 levy was passed by the Board on December 20, 2011. Property taxes attach as an enforceable lien on property as of January 1 and are payable in four installments on July 5, September 5, October 5, and December 5. The District receives significant distributions of tax receipts approximately one month after these due dates. Taxes recorded in these financial statements are from the 2010 and prior tax levies.

The following are the tax rate limits permitted by the school code and by local referendum and the actual rates levied per \$100 of assessed valuation:

NOTE 4. RETIREMENT FUND COMMITMENTS

The School District participates in two retirement systems: the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF). Members of TRS consist of all full-time teachers and teachers employed on a part-time basis in positions where services are expected to be rendered for a full and complete school term. Employees, other than teachers, who meet prescribed annual hourly standards, are members of IMRF. The District reported credible earnings of \$31,010,091 to TRS and \$6,293,524 to IMRF for the year ended June 30, 2012.

Teachers' Retirement System of the State of Illinois

The School District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The State of Illinois maintains primary responsibility for the funding of the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the system's administration.

NOTE 4. RETIREMENT FUND COMMITMENTS (CONTINUED)

TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher certification is required. The active member contribution rate for the year ended June 30, 2012, was 9.4 percent of creditable earnings. The same contribution rate applies to members whose first contributing service is on or after Jan. 1, 2011, the effective date of the benefit changes contained in Public Act 96-0889. These contributions, which may be paid on behalf of employees by the employer, are submitted to TRS by the employer. The active member contribution rate was also 9.4 percent for the years ended June 30, 2011 and 2010.

The State of Illinois makes contributions directly to TRS on behalf of the district's TRS-covered employees.

• On-behalf contributions. The State of Illinois makes employer pension contributions on behalf of the district. For the year ended June 30, 2012, State of Illinois contributions were based on 24.91 percent of creditable earnings not paid from federal funds, and the district recognized revenue and expenditures of \$7,147,609 in pension contributions that the State of Illinois paid directly to TRS. For the years ended June 30, 2011, and 2010, the State of Illinois contribution rates as percentages of creditable earnings were 23.10 percent (\$6,983,796) and 23.38 percent (\$7,449,657), respectively.

The District makes four other types of employer contributions directly to TRS.

- 2.2 formula contributions. Employers contribute 0.58 percent of creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2012 were \$179,754. Contributions for the years ending June 30, 2011, and June 30, 2010, were \$175,382 and \$184,825, respectively.
- Federal and trust fund contributions. When TRS members are paid from federal and trust funds administered from the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that was first effective in the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and trust funds will be the same as the state contribution rate to TRS.

For the year ended June 30, 2012, the employer pension contribution was 24.91 percent of salaries paid from federal and special trust funds. For the years ended June 30, 2011 and 2010, the employer contribution was 23.10 and 23.38 percent of salaries paid from federal and special trust funds, respectively. For the year ended June 30, 2012, salaries totaling \$2,269,013 were paid from federal and trust funds that required employer contributions of \$565,211. For the years ended June 30, 2011, and June 30, 2010, required district contributions were \$629,796 and \$727,807, respectively.

• Early Retirement Option. The District is also required to make one-time employer contributions to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member.

The maximum employer ERO contribution is 117.5 percent and applies when the member is age 55 at retirement.

For the year ended June 30, 2012, the District paid \$0 to TRS for employer contributions under the ERO program. For the years ended June 30, 2011 and 2010, the District paid \$155,452 and \$67,001 in employer ERO contributions, respectively.

NOTE 4. <u>RETIREMENT FUND COMMITMENTS</u> (CONTINUED)

Teachers' Retirement System of the State of Illinois (Continued)

• Salary Increased Over 6 Percent and Excess Sick Leave. If an employer grants salary increases over 6 percent and those salaries are used to calculate a retiree's final average salary, the employer makes a contribution to TRS. The contribution will cover the difference in actuarial cost of the benefit based on actual salary increases and the benefit based on salary increases of up to 6 percent.

For the year ended June 30, 2012, the District paid \$11,799 to TRS for employer contributions due on salary increases in excess of 6 percent. For the years ended June 30, 2011 and 2010, the District paid \$27,619 and \$15,621 to TRS for employer contributions due on salary increases in excess of 6 percent, respectively.

If an employer grants sick leave days in excess of the normal annual allotment and those days are used as TRS service credit, the employer makes a contribution to TRS. The contribution is based on the number of excess sick leave days used as service credit, the highest salary rate reported by the granting employer during the four-year sick leave review period, and the TRS total normal cost rate (17.83 percent of salary during the year ended June 30, 2012).

For the year ended June 30, 2012, the District paid \$1,899 to TRS for sick leave days granted in the excess of the normal annual allotment. For the years ended June 30, 2011 and June 30, 2010, the District paid \$1,265 and \$1,540 in employer contributions granted for sick leave days, respectively.

TRS financial information, an explanation of TRS benefits, and descriptions of member, employer and state funding requirements can be found in the TRS *Comprehensive Annual Financial Report* for the year ended June 30, 2011. The report for the year ended June 30, 2012 is expected to be available in late 2012.

The reports may be obtained by writing to the Teachers' Retirement System of the State of Illinois, P.O. Box 19253, 2815 West Washington Street, Springfield, IL 62794-9253. The most current report is also available on the TRS web site at http://trs.illinois.gov.

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants may participate in the state administered participating provider option plan or choose from several managed care options.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The Illinois Department of Healthcare and Family Services (HFS) and the Illinois Department of Central Management Services (CMS) administer the plan with the cooperation of TRS. Effective July 1, 2012, in accordance with Executive Order 12-01, the plan is administered by CMS with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to the TRS who are not employees of the state make a contribution to THIS Fund.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

NOTE 4. <u>RETIREMENT FUND COMMITMENTS</u> (CONTINUED)

Teachers' Retirement System of the State of Illinois (Continued)

On behalf contributions to THIS Fund. The State of Illinois makes employer retiree health insurance contributions on behalf of the district. State contributions are intended to match contributions to THIS Fund from active members which were 0.88 percent of pay during the year ended June 30, 2012. State of Illinois contributions were \$272,889, and the district recognized revenue and expenditures of this amount during the year.

State contributions intended to match active member contributions during the years ended June 30, 2011 and 2010 were 0.88 percent and 0.84 percent of pay, respectively. State contributions on behalf of district employees were \$266,049 and \$267,652, respectively.

Employer contributions to THIS Fund. The District also makes contributions to THIS Fund. The employer THIS Fund contribution was 0.66 percent during the year ended June 30, 2012 and 30, 2012 and 0.63 percent during the year ended June 30, 2010. For the year ended June 30, 2012, the district paid \$477,176 to the THIS Fund. For the years ended June 30, 2011 and June 30, 2010, the District paid \$465,667 and \$468,501 to the THIS Fund, respectively, which was 100 percent of the required contribution.

The publicly available financial report of the THIS Fund may be obtained by writing to the Department of Healthcare and Family Services, 201 S. Grand Ave., Springfield, IL 62763-3838.

Illinois Municipal Retirement Fund

Plan Description. The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multi-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at www.imrf.org.

Funding Policy. As set by statute, the District's Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires the District to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2011 was 17.06 percent. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. The required contribution for calendar year 2011 was \$1,001,436.

THREE-YEAR TREND INFORMATION FOR THE REGULAR PLAN

Calendar		Percentage		
Year	Annual Pension	of APC	Net Pension	
Ending	Cost (APC)	<u>Contributed</u>	Obligation	
12/31/11	\$ 1,010,437	100%	\$ 0	
12/31/10	1,056,017	100%	0	
12/31/09	738,037	100%	0	

The required contribution for 2011 was determined as part of the December 31, 2009, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2009, included (a) 7.50 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00 percent a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4 to 10.0 percent per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3 percent annually. The actuarial value of the District's plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20 percent corridor between the actuarial and market value of assets. The District's Regular plan's unfunded actuarial accrued liability at December 31, 2009 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress. As of December 31, 2011, the most recent actuarial valuation date, the Regular plan was 64.15 percent funded. The actuarial accrued liability for benefits was \$17,878,548 and the actuarial value of assets was \$11,469,414, resulting in an underfunded actuarial accrued liability (UAAL) of \$6,409,134. The covered payroll for calendar year 2011 (annual payroll of active employees covered by the plan) was \$5,922,840 and the ratio of the UAAL to the covered payroll was 108 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 6. INTERFUND RECEIVABLES AND PAYABLES

During the year ended June 30, 2012, the District had the following interfund receivable and payable transactions:

	<u>Balance</u> <u>July 1,</u> <u>2011</u>	Additions	<u>Payments</u>	Balance June 30, 2012
Due from Transportation to General Fund	<u>\$ 1,000,000</u>	\$ 1,000,000	<u>\$ 1,000,000</u>	\$ 1,000,000
	<u>\$ 1,000,000</u>	\$ 1,000,000	<u>\$ 1,000,000</u>	<u>\$ 1,000,000</u>

Interfund loans are for operating purposes and will be repaid when property taxes or state funding are received in the next fiscal year.

NOTE 7. COMMON BANK ACCOUNT

Separate bank accounts are not maintained for all District funds; instead, funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Occasionally certain of the funds participating in the common bank account will incur overdrafts in the account. The overdrafts result from expenditures which have been approved by the School Board.

NOTE 8. CASH AND INVESTED CASH – SEGMENTED TIME DISTRIBUTION

Cash and Invested Cash as of June 30, 2012 are classified in the accompanying financial statements as follows:

Cash and Invested Cash	\$ 8,673,932
Restricted Cash and Invested Cash	4,170,581
Total	\$ 12,844,513

Cash and Invested Cash as of June 30, 2012 consist of the following:

Cash on Hand	\$ 250
Deposits with Financial Institutions	12,418,211
Investments	 426,052
Total	\$ 12,844,513

The District is allowed to invest in securities as authorized in the School Code of Illinois, Chapter 30, Section 235/6, Chapter 105 Section 5/34A-202 and Section 5/8-7. The District shall ensure that the loss of capital, whether from credit or market risk, is avoided, the District's anticipated cash flows are met, and the highest rate of return on investments is sought. The District should avoid any investment transaction which in appearance or fact might impair public confidence. The District should consider investments with local financial institutions.

NOTE 8. <u>CASH AND INVESTED CASH – SEGMENTED TIME DISTRIBUTION</u> (CONTINUED)

a) Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity.

Remaining Maturity

12 months or less

State Investment Pool

\$ 426,052

\$ 426,052

b) <u>Credit Risk</u>

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's state investment pool has earned Standard and Poor's highest rating (AAAm).

c) Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer. The District did not have any investments in a single issuer that represented 5% or more of the total District investments at June 30, 2012.

d) Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Of the District's total cash and invested cash, \$426,052 was subject to custodial credit risk as follows:

The Money Market Account included in the State Investment Pool is considered to be uninsured and uncollateralized.

\$ 426,052

NOTE 9. COMPENSATED ABSENCES

Governmental Accounting Standards Board (GASB) Statement Number 16 requires that a liability for compensated absences should be recorded when future payments for such absences have been earned by employees. Compensated absences include vacation leave and sick leave. The estimated liability of \$14,337,131 for compensated absences was computed using total days earned multiplied by the average pay rate for District employees. This Statement became effective for fiscal years beginning after June 15, 1993.

NOTE 10. CONTINGENCIES

The District has received funding from state and federal grants in the current and prior years which is subject to audits by the granting agencies. The school board believes any adjustments that may arise from the audits will be insignificant to District operations.

NOTE 11. DEFINITION OF ACTIVITY FUNDS

The term "Activity Funds" as it is used in this report includes Student Activity Funds, Convenience Accounts, and Trust and Agency Funds.

- a) Student Activity Funds are those which are owned, operated and managed generally by the student body under the guidance and direction of adults or a staff member for educational, recreational or cultural purposes. Although the Board of Education has the ultimate responsibility for Student Activity Funds, they are not local education agency funds.
- b) Convenience accounts are those normally maintained by a local education agency as a convenience for its faculty, staff, parent-teacher associations, etc. Although the Board of Education has the ultimate responsibility for convenience account monies, they are not local education agency funds.
- c) Trust and Agency Funds are local education agency funds. It is permissible for a school district to choose to handle certain regular district funds through its Activity Fund accounting system as Trust and Agency Funds on a temporary basis.

NOTE 12. ACTIVITY FUND TREASURERS

Activity Fund accounting records are maintained in the business offices of the various schools. In each school, the principal has been designated as Activity Fund Treasurer and has been charged with depositing all activity fund monies into a designated depository and with maintaining accounts to show each fund's share of the total cash.

NOTE 13. COMPLIANCE, STEWARDSHIP AND ACCOUNTABILITY

Legal Debt Margin – The District's legal debt limit as set by state statute is limited to 13.8 percent of total assessed value. As of June 30, 2012 the legal debt limit approximates \$101,082,737 and the District's debt is under the debt limit by \$49,995,027.

NOTE 14. RISK MANAGEMENT

The District is party to various legal proceedings, which normally occur in the course of governmental operations. The financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings.

NOTE 14. RISK MANAGEMENT (CONTINUED)

While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the District and the State statute relating to judgment, the District feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the District.

The District is exposed to risks of loss from items typically applicable to all school districts. These include liability, worker's injury, student injury, property damage and others too numerous to mention. The District has purchased insurance through a public entity risk pool, Mississippi Valley Intergovernmental Cooperative, to protect against such loss. The District believes that they are reasonably covered for all possible risks of loss. Any liabilities for unpaid claims would revert back to the members of the pool. As of June 30, 2012, the liability pool and the health pool had a positive fund balance.

NOTE 15. TAX ANTICIPATION WARRANTS

Tax Anticipation Warrants are short-term debt issued by a local government that can be paid back only with the taxes that were anticipated. They are not a general obligation of the District. Tax anticipation warrants for school districts cannot exceed 85% of the taxes levied for educational and building purposes. During the fiscal year ending June 30, 2012, the District did not issue or have outstanding any tax anticipation warrants.

NOTE 16. THE SCHOOL DISTRICT FINANCIAL PROFILE

The Illinois State Board of Education is utilizing a system to evaluate a school district's financial status. The financial assessment system is made up of five components which are individually scored and weighted in order to arrive at a composite score. The components consist of the following: Fund Balance to Revenue Ratio, Expenditures to Revenue Ratio, Days Cash on Hand, Percent of Short-Term Borrowing Ability Remaining, and Percent of Long-Term Debt Margin Remaining. Based on the composite score, the school district is assigned to a category of financial strength. The category assignments are based on the following composite score ranges:

Composite Score	Category
3.54-4.00	Financial Recognition
3.08-3.53	Financial Review
2.62-3.07	Financial Early Warning
1.00-2.61	Financial Watch

The District's preliminary composite score is 2.90 as of June 30, 2012 and would be assigned to the category of Financial Early Warning.

NOTE 17. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosure of certain information concerning individual funds. The following funds had deficit fund balances for the year ended June 30, 2012:

Transportation Fund

Fully depreciated equipment and improvements over 10 years old were removed as of June 30, 2003.

NOTE 19. INTERFUND TRANSFERS

Transfers are used to move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due. Transfers are also used to transfer interest income to the general fund for operational expenses as allowed by Illinois statute.

NOTE 20. SUBSEQUENT EVENTS

The District has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. From this evaluation, the following subsequent events were determined to meet the criteria for disclosure:

NOTE 20. SUBSEQUENT EVENTS (CONTINUED)

The District approved a lease purchase agreement for the purchase of technology related equipment for \$570,000.

On October 2, 2012, the District sold approximately \$4.3 million of Health Life Safety Bonds with \$2,130,000 being General Obligation Bonds and \$2,185,000 being Qualified Zone Academy Bonds (QZAB). QZAB bonds provide federal tax credits in lieu of interest on bonds. The bond proceeds will be primarily used to finance the rehab of West and North Elementary School.

INSTRUCTIONS/REQUIREMENTS: For School Districts/Joint Agreements

All School Districts/Joint Agreements must complete this form (Note: joint agreement supplementary/statistical schedules may not be applicable)

Round all amounts to the nearest dollar. Do not enter cents. (Exception: 9 Month ADA on page 28, line 78)

This form complies with Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing).

23, Illinois Administrative Code 100, Subtitle A, Chapter I, Subchapter C (Part 100)

Any errors left unresolved by the Audit Checklist/Balancing Schedule must be explained in the itemization page.

Submit AFR Electronically

* The Annual Financial Reports (AFR) must be submitted directly through the Attachment Manager to the AFR Group by the Auditor or School District designated personnel (Please see Instructions for complete submission procedures).

Attachment Manager Link

Note: CD/Disk no longer accepted.

* AFR supporting documentation must be embedded as Microsoft Word (.doc), Word Perfect (*.wpd) or Adobe (*.pdf) and inserted within tab "Opinions & Notes". These documents include: The Audit, Management letter, Opinion letters, Compliance letters, Financial notes etc.... For embedding instructions see "Opinions & Notes" tab of this form.

Note: Adobe Acrobat (*.pdf) files cannot be embedded if you do not have the software. Simply attach files as separate docs in the Attachment Manager and they will be embedded for you.

Submit Paper Copy of AFR with Signatures

- 1) The auditor must send three paper copies of the AFR form (cover through page 8 at minimum) to the School District with the auditor signature.
- Note: School Districts and Regional Superintendents may prefer a complete paper copy in lieu of an electronic file. Please comply with their requests as neccessary.
- 2) Upon receipt, the School District retains one copy for their records, signs, and forwards the remaining two copies to the Regional Superintendent's office no later than October 15, annually.
- Upon receipt, the Regional Superintendent's office retains one copy for their records, signs, and forwards the remaining paper copy to ISBE no later than November 15, annually.
- * Yellow Book, CPE, and Peer Review requirements must be met if the Auditor issues an opinion stating "Governmental Accounting Standards" were utilized. Single Audit Act A-133

Qualifications of Auditing Firm

- * School District/Joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the corresponding acceptance letter from the approved peer review program, for the current peer review period.
- * A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Education Alton Community Unit School District No. 11 Alton, Illinois

Compliance

We have audited the compliance of Alton Community Unit School District No. 11 with the types of compliance requirements described in the <u>U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement</u> that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. Alton Community Unit School District No. 11's major federal programs are identified in the summary of the auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Alton Community Unit School District No. 11's management. Our responsibility is to express an opinion on Alton Community Unit School District No. 11's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Alton Community Unit School District No. 11's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Alton Community Unit School District No. 11's compliance with those requirements.

In our opinion, Alton Community Unit School District No. 11 complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedules of findings and questioned costs as Findings 2012-2, 2012-3, and 2012-4.

Internal Control Over Compliance

The management of Alton Community Unit School District No. 11 is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Alton Community Unit School District No. 11's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Alton Community Unit School District No. 11's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be a material weakness, as defined above.

The Alton Community Unit School District No. 11 responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the District's responses and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the school board, management, others within the organization, the Illinois State Board of Education, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

A-133 SINGLE AUDIT INFORMATION CHECKLIST

The following checklist is OPTIONAL; it is not a required form for completion of A-133 Single Audit information. The purpose of the checklist is to assist in determining if appropriate information has been correctly completed within the Annual Financial Report (AFR). This is not a complete listing of all A-133 requirements, but highlights some of the more common errors found during ISBE reviews.

This	is n	ot a complete listing of all A-133 requirements, but highlights some of the more common errors found during ISBE reviews.
GEN	ER/	AL INFORMATION
X X X	2.	Signed copies of audit opinion letters have been included with audit package submitted to ISBE. All opinion letters use the most current audit language as mandated in SAS 115/SAS 117 and other pronouncements. ALL Single Audit forms within the AFR Excel workbook have been completed, where appropriate. - For those forms that are not applicable, "N/A" or similar language has been indicated.
X	4.	ALL Federal revenues reported in FRIS Report 0053 (Summary of Payments) are accounted for in the Schedule of Expenditures of Federal Awards (SEFA). Programs funded through ARRA are identified separately in SEFA
X	5.	Federal revenues reported on the AFR reconcile to Federal revenues reported on the SEFA. - Verify or reconcile on reconciliation worksheet.
X	6.	The total value of non-cash COMMODITIES has been included within the AFR on the INDIRECT COSTS page (IND COST INFO 30) on Line 1 It <u>should not</u> be included in the Statement of Revenues Received (REVENUES 9-14) within the AFR Accounts 4210 - 4299. Those accounts are specific cash programs, not non-cash assistance such as COMMODITIES.
X	7.	Complete audit package (Data Collection Form, audit reports, etc.) has been submitted electronically to the Federal Audit Clearinghouse in Jeffersonville, Indiana.
SCHI	EDL	JLE OF EXPENDITURES OF FEDERAL AWARDS
X	8.	Programs funded through ARRA (Federal Stimulus funds) are identified separately from "regular" Federal programs - Program name includes "ARRA - " prefix - Correct ARRA CFDA and ISBE program numbers are listed
X	9.	All prior year's projects are included and reconciled to final FRIS report amounts. - Including reciept/revenue and expenditure/disbursement amounts.
X	10.	All current year's projects are included and reconciled to most recent FRIS report filed. - Including revenue and expenditure/disbursement amounts.
<u>X</u>	11.	Differences in reported spending amounts on the SEFA and the final FRIS reports should be detailed and/or documented in a finding, with discrepancies reported as Questioned Costs.
X	12.	Prior-year and Current-year Child Nutrition Programs (CNP) are included on the SEFA (with prior-year program showing total cash received): Project year runs from October 1 to September 30, so projects will cross fiscal year; This means that audited year revenues will include funds from both the prior year and current year projects.
XXX	14, 15. 16.	Each CNP project should be reported on separate line (one line per project year per program). Total CNP Revenue amounts are consistent with grant amounts awarded by ISBE for each program by project year. Total CNP Expenditure amounts are consistent with grant amounts awarded by ISBE for each program by project year. Exceptions should result in a finding with Questioned Costs. The total value of COMMODITIES has been reported on the SEFA (CFDA 10.555). - The value is determined from the following, with each item on a separate line: * Non-Cash Commodities: Monthly Commodities Bulletin for April (From the Illinois Commodities System accessed through ISBE web site) Total commodities: A PAL Allocated + B PAL Allocated + Processing Deductions + Total Bonus Allocated Verify Non-Cash Commodities amount on ISBE web site: http://www.isbe.net/business.htm * Non-Cash Commodities: Commodities information for non-cash items received through Other Food Services Districts should track separately through year, no specific report available from ISBE Verify Non-Cash Commodities amount through Other Food Services on ISBE web site: http://www.isbe.net/business.htm * Department of Defense Fresh Fruits and Vegetables (District should track through year) - The two commodity programs should be reported on separate lines on the SEFA. Verify Non-Cash Commodities amount through DoD Fresh Fruits and Vegetables on ISBE web site: http://www.isbe.net/business.htm * Amounts verified for Fresh Fruits and Vegetables cash grant program (ISBE code 4240) CFDA number: 10.582
X X X X	19. 20. 21. 22. 23. 24. 25.	TOTALS have been calculated for Federal revenue and expenditure amounts (Column totals). Obligations and Encumbrances are included where appropriate. FINAL STATUS amounts are calculated, where appropriate. Medicaid Fee-for-Service funds, E-Rate reimbursements and Build America Bond interest subsidies have not been included on the SEFA. All programs tested (not just Type A programs) are indicated by either an * or (M) on the SEFA. NOTES TO THE SEFA within the AFR Excel workbook (SEFA-2) have been completed. • (M) Program was audited as a major program as defined by OMB Circular A-133.

- To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.
- When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.
- When awards are received as a subrecipient, the identifying number assigned by the pass-through entity should be included in the schedule.
- Circular A-133 requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in either the schedule or a note to the schedule. Although it is not required, Circular A-133 states that it is preferable to present this information in the schedule (versus the notes to the schedule). If the auditee presents non-cash assistance in the notes to the schedule, the auditor should be aware that such amounts must still be included in part III of the data collection form.

^{• (}M) Program was audited as a major program as defined by OMB Circular A-133.

- To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.
- When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.
- When awards are received as a subrecipient, the identifying number assigned by the pass-through entity should be included in the schedule.
- ⁴ Circular A-133 requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in either the schedule or a note to the schedule. Although it is not required, Circular A-133 states that it is preferable to present this information in the schedule (versus the notes to the schedule). If the auditee presents non-cash assistance in the notes to the schedule, the auditor should be aware that such amounts must still be included in part III of the data collection form.

• (M) Program was audited as a major program as defined by OMB Circular A-133.

- To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.
- When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.
- When awards are received as a subrecipient, the identifying number assigned by the pass-through entity should be included in the schedule.
- Circular A-133 requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in either the schedule or a note to the schedule. Although it is not required, Circular A-133 states that it is preferable to present this information in the schedule (versus the notes to the schedule). If the auditee presents non-cash assistance in the notes to the schedule, the auditor should be aware that such amounts must still be included in part III of the data collection form.

#### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (SEFA)

Year Ending June 30, 2012

#### Note 1: Basis of Presentation⁵

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of **[Entity #XYZ]** and is presented on the **[Identify Basis of Accounting]**. 7 If the audit report for one or more	e major programs is other than unqualified indicate the t	ine of report issued for each program					

If the audit report for one or more major programs is other than unqualified, indicate the type of report issued for each program. Example: "Unqualified for all major programs except for [name of program], which was a disclaimer."

Major programs should generally be reported in the same order as they appear on the SEFA.

When the CFDA number is not available, include other identifying number, if applicable.

The name of the federal program or cluster should be the same as that listed in the SEFA. For clusters, auditors are only required to list the name of the cluster.

A suggested format for assigning reference numbers is to use the last two digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2003 would be assigned a reference number of 02-01, 02-02, etc.

Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

See paragraphs 5.18 through 5.20 and 7.38 through 7.42 of Government Auditing Standards for additional guidance on reporting management's response.

#### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS¹⁹ Year Ending June 30, 2012

Finding Number	<u>Condition</u>	Current Status ²⁰
2011-01	The District relies on the external audit of to assist in the preparation of the financial statements and all required disclosures in accordance with the modified cash basis of accounting prinicples.	The District believes their accounting staff maintains adequate books and records of the school's transactions. Additionally, the District does not believe it is cost beneficial to hire additional expertise to ensure the District's annual financial statements are prepared in accordance with the modfied cash basis of accounting principles and all required disclosures. The District will continue to reevaluate on an ongoing basis.
2011-02	The District did not submit accurate periodic expenditure reports.	The District has established a cut-off date for journal entries to faciliate more accurate expenditure reports
2011-03	The District did not submit accurate periodic expenditure reports.	Discussion was held with grant administrators to encourage accruate expenditure reports. Also all IMRF/Social Security expenditures were kept in their original fund to clear up confusion on when these journal entries would be made.

When possible, all prior findings should be on the same page

- · A statement that corrective action was taken
- · A description of any partial or planned corrective action
- An explanation if the corrective action taken was significantly different from that previously reported or in the management decision received from the pass-through entity.
